

**Dear Readers,**

Warm Season's Greetings!

It gives us great pleasure to hand over yet another important issue of Vidarbha Journal of Internal Medicine (VJIM). This biannual publication is taking momentum now and is definitely achieving higher standards of publication.

It is attempted to include important topics in this journal. The issue contains topics of use for practicing physicians. The articles in this issue will be useful in management of interdisciplinary cases.

It was declared openly in the second VAPICON, 2010, held at Chandrapur that all efforts will be taken to make this journal as an indexed journal. The editorial board is happy to announce that this Vidarbha Journal of Internal Medicine has been allotted the status of indexed journal by national institute of science communication and information resources, New Delhi. The Indian National Centre will be monitoring the use of ISSN and supplying up to-date data of the same to the International Centre for ISSN, Paris. The responsibilities of the editorial Board have therefore now increased in view of indexing of the journal. The editorial board appeals to all the readers to contribute to this journal enthusiastically.

The editorial board expresses their great sense of gratitude to all the authors who contributed in this issue and expect the same cooperation in future.

Wishing you all warm greetings once again.

**Dr. S. R. Tankhiwale**

Chief Editor
