

Dear friends,

It is indeed an honor for us to host The second Vidarbha Chapter API Conference-VAPICON 2010. We heartily welcome all our delegates and faculty members.

Knowledge in the field of medicine is expanding day by day with supersonic speed. Hence to keep pace with the situation and in view of offering better services, We wished to host the VAPICON 2010.

With the support n encouragement which we got from founder President Dr.S.M Patil & Secretary Dr.P.K. Deshpande, We kept in moving towards our success. We got very good support from Physicians all over Vidarbha, National faculties & Doctors of various specialties.

Chandrapur is highly polluted & have wild life reserve. Hence the theme of conference is "Preserve Wild Life & Prevent Pollution". We kept free paper for P.G students & workshop on ACLS & BLS.

As per schedule we do not have any problem. It is because of encouragement from all and everyone; we are all here today to participate in VAPICON 2010.

Il pay my tribute to all those who have contributed in some way or the other in making VAPICON 2010 a grand success.

Thank you.

Dr. D.S. Wasnik
Chairman
